

# The XIX International Conference on Topics in Astroparticle and Underground Physics (TAUP2025)

Contribution ID: 542

Type: **Oral**

## About Hamamatsu

*Monday 25 August 2025 15:20 (20 minutes)*

In this talk, we'll talk about the general information of Hamamatsu, introduce PMT examples which is mainly used for Astroparticle and Underground Physics experiment and latest developmental situation of SiPM.

### Collaboration you are representing

**Author:** SUZUKI, Kensuke

**Presenter:** SUZUKI, Kensuke

**Session Classification:** Underground Laboratories

**Track Classification:** Underground Laboratories
